Programs may contact CIBC for help with strategies, local resources, or request to meet with a CIBC consultant who can give support and strategies to help create a high-quality inclusion experience. <http://www.cibc-ca.org/>

Beginning Together: Caring for Young Children with Disabilities or other Special Needs in Inclusive Settings

PITC professional development training designed to teach infant & toddler care professionals how to create high quality programs that fully include babies and toddlers with disabilities or other special needs and their families in regular infant-toddler programs. <http://www.CAinclusion.org/bt>

The California Collaborative on the Social and Emotional Foundations for Early Learning (CA CSEFEL)

connects early childhood programs with trainers and coaches who are experts in the CA CSEFEL Teaching Pyramid Framework. This tiered approach of evidence-based practices promotes healthy social-emotional development in young children (birth to 5 years old). Preventative strategies have been proven to reduce behaviors that can be disruptive in group settings. Teachers and administrators also learn intervention strategies that effectively support positive individual behaviors of young children in group care settings. CA CSEFEL trainers and coaches promote collaboration to enhance linkages with local agencies, allowing services and interventions to be successfully delivered to children and their families. These services include infant, child and family mental health, Early Start, special education, and medical services. <http://cainclusion.org/camap/cacsefel.html>
