

YOU'RE INVITED

# CPIN Social Emotional Professional Learning Institute

Join us for a powerful two-day institute to learn the latest research from Dr. Deborah Wineski on play and become certified to train on the newest document in the Best Practice series on the importance of play.

Dr. Deborah Wineski will share updates on play research that align directly to the preschool learning foundations and strategies in the curriculum framework. Participants will have the opportunity to ask Dr. Wineski questions and discuss new information with their colleagues.

Participants will be the first in California to receive training on the latest module, an overview of the newest document in the Best Practice series on the importance of play.

## IN ADDITION, PARTICIPANTS WILL...

- Discover and apply adult learning competencies to existing social emotional CPIN modules
- Explore relationship-based strategies for extended learning beyond the social emotional training modules through technical assistance
